Now includes even more technology, tools and activities to support differentiated instruction!

Much of the data available today is unstructured and text-heavy, making it challenging for analysts to apply their usual data wrangling and visualization tools. With this practical book, you'll explore text-mining techniques with tidytext, a package that authors Julia Silge and David Robinson developed using the tidy principles behind R packages like ggplot2 and dplyr. You'll learn how tidytext and other tidy tools in R can make text analysis easier and more effective. The authors demonstrate how treating text as data frames enables you to manipulate, summarize, and visualize characteristics of text. You'll also learn how to integrate natural language processing (NLP) into effective workflows. Practical code examples and data explorations will help you generate real insights from literature, news, and social media. Learn how to apply the tidy text format to NLP Use sentiment analysis to mine the emotional content of text Identify a document's most important terms with frequency measurements Explore

relationships and connections between words with the ggraph and widyr packages Convert back and forth between R's tidy and non-tidy text formats Use topic modeling to classify document collections into natural groups Examine case studies that compare Twitter archives, dig into NASA metadata, and analyze thousands of Usenet messages

Discusses herbivores, carnivores and omnivores and the food chains in nature which help to keep the balance between the different kinds of creatures.

The creator of the New York Times bestselling *The Bear Ate Your Sandwich* brings us another sly story of a hungry bear and a smooth-talking narrator. A tough gumshoe of a cat--the name's Muffin--protects his territory: The Little Bear Bakery. But there are no bears here. Not on Muffin's watch. One night, Muffin hears a suspicious noise. Mouse? Raccoon? Bat? Nope, not the usual suspects. But Muffin hears . . . growling. Could it be? Yup. A bear. Just a cub. Whose stomach is definitely growling. Muffin's got this case solved--clearly this bear needs some donuts. In this wonderfully noir-tinged tale, Julia Sarcone-Roach gives us another funny story of a hungry bear in the wrong place at the right time. This tale is sly and sweet, with sprinkles on top. "This delightful caper calls out for multiple readings." *New York Times*
