The role of mom is often described as the most important job in the world. Rightly so, for so much is at stake during children's early years and moms are central in shaping character and personhood. However, when the going gets tough (the endless diapers, the continual messes, the endless conflict resolution, the complete lack of personal time, etc.), moms are often tempted to quit their "momejob". While few would endorse an outright abandonment of motherhood, others may recommend that a woman treat her role as secondary to personal desires in order to combat feelings of discouragement and/or unfulfillment. The enemy has laid intentional traps cleverly designed to discourage and redirect a woman towards self rather than family. Moms need to know how to recognize these traps . . . and avoid them. Be the Mom: Overcome Attitude Traps and Enjoy Your Kids explores and validates the life of a mom who makes her family a priority and introduces the reader to seven Mom Traps that may be preventing them from a full, joyfilled life.

Many newly pregnant women believe mothering begins after the baby is born. As a result, their pregnancy is spent preparing the baby's room, buying a crib, and even attending childbirth classes. All of these activities are valuable and help to prepare for this new life, but what about before the baby is born? The Wonder Within You takes you on a journey that weaves scientific studies, dozens of interviews with mothers, and storytelling into a fascinating account of life inside the womb. An obstetrician loads each chapter with advice. A sonographer gives incredible 3 and 4-D snapshots (available online) and stories from her 25 years of watching babies grow in utero. Each chapter includes week-by-week developmental information, findings from recent neonatal studies, and even nutritional advice all designed to nurture a healthy baby. The Wonder Within You also serves as a weekly journal for expectant mothers to chronicle her own baby's journey to life outside the womb. It's a keepsake baby book that begins before birth. The Wonder Within You will help moms meet the real needs of the growing pre-born baby. Sonograms, dietary and medical advice, and stories from experienced moms are combined to encourage 40 weeks of prenatal parenting designed with a joy for the journey in mind.

Imitation is the deadliest form of flattery . . . After a messy break-up, Allie Jones finds herself living alone in her New York City apartment, no one to share her bed with—and more urgently, no one to share her rent. The solution seems clear: she needs a roommate. And Hedra Carlson seems perfect—she's shy, quiet, . . . safe. But soon Hedra's disturbing envy of Allie's looks and social life becomes unsettling. She wears Allie's clothes, even buys a wig in Allie's color and style. Then the obscene phone calls begin, Allie's credit cards vanish, and she discovers Hedra is living a dangerous double life. . . . and far worse. For Hedra's twisted admiration has no limits, the nightmare has just begun, and there will be a bloody price to pay.
