From 1 May 2011 company law in South Africa was dramatically altered: the 1973 Act which had governed companies for the life-times of most business people and lawyers in South Africa was replaced by the Companies Act of 2008, as amended in March 2011. A new era of company law dawned, and with it a host of new concepts, rights, remedies, obligations, procedures and sanctions were introduced. These fundamentally affect the way that every business operates and the advice and practice of every lawyer, accountant or other professional adviser. This book, the first to cover the new Act and the new regulations, provides the hand-holding, the insight, and the understanding that business and their advisers require in order not to be wrong-footed by the new regime.

The book has been designed for the beginners in the field of accounting to provide comprehensive coverage of book keeping and basic accounting principles, techniques and practices. This book is intended to build the foundation for learners who are planning to develop their understanding of financial accounting. For this purpose, the text has been developed in a very logical and clear manner. KEY FEATURES • Content has been developed according to the syllabus requirements • The units are written in simple language • Numerous illustrations, examples and case studies for better understanding of concepts • Chapter end questions for practice
