The mysterious death of a journalist pulls Washington fixer Joe DeMarco into a conspiracy of power and politics in "one of the best thrillers of the year" (Booklist). Author of House Witness, 2019 Edgar Award Finalist for Best Novel Days after claiming he had a lead on a story that would make Watergate look like a misdemeanor, a mediocre writer from the Washington Post is found accidentally drowned. But Joe DeMarco's boss—the Speaker of the House—thinks there's nothing accidental about it. Mostly because the reporter was on the trail of Senator Paul Morelli. Morelli is all but a shoe-in for the Democratic presidential nomination. But his golden boy public persona hides a monstrous character. Somehow, all of his sinister scandals seem to be cleaned up by a mysterious benefactor who stays just out of sight. Setting up a sting to catch the predatory Morelli, DeMarco thinks his job is done—until those who helped him with the sting start turning up dead. And unless he can uncover the powerful people who are protecting Morelli, DeMarco knows he's next . . . In this chilling novel of unfettered power and final justice, Mike Lawson proves once again that he "has a true insider's insight about real-world spinelessness, venality, and corruption that have taken the place of moral courage and true leadership on Capitol Hill" (The Washington Times).

One of The New York Times 10 Best Books of the Year National Book Award Finalist Finalist for the National Book Critics Circle John Leonard Prize Finalist for the Center for Fiction First Novel Prize Finalist for the New York Public Library's Young Lions Fiction Award National Best Seller "Splendidly imagined . . . Thrilling" --Simon Winchester "A genuine masterpiece" --Gary Shteyngart Spellbinding, moving--evoking a fascinating region on the other side of the world--this suspenseful and haunting story announces the debut of a profoundly gifted writer. One August afternoon, on the shoreline of the Kamchatka peninsula at the northeastern edge of Russia, two girls--sisters, eight and eleven--go missing. In the ensuing weeks, then months, the police investigation turns up nothing. Echoes of the disappearance reverberate across a tightly woven community, with the fear and loss felt most deeply among its women. Taking us through a year in Kamchatka, Disappearing Earth enters with astonishing emotional acuity the worlds of a cast of richly drawn characters, all connected by the crime: a witness, a neighbor, a detective, a mother. We are transported to vistas of rugged beauty--densely wooded forests, open expanses of tundra, soaring volcanoes, and the glassy seas that border Japan and Alaska--and into a region as complex as it is alluring, where social and ethnic tensions have long simmered, and where outsiders are often the first to be accused. In a story as propulsive as it is emotionally engaging, and through a young writer's virtuosoic feat of empathy and imagination, this powerful novel brings us to a new understanding of the intricate bonds of family and community, in a Russia unlike any we have seen before.
