Disgruntled nurse Christine Moore, still single at 37, stumbles while leaving a bar. She is helped to her feet by a handsome hunk of a Harley rider who says his name is Joe but who is, well, God. He knows all about her, answers her questions before she speaks them, and criticizes and counsels her in a totally disarming way.

GOD ON A HARLEY. by Joan Brady ? RELEASE DATE: Sept. 1, 1995. A slight and airy, albeit well-meaning, volume in the Bridges of Madison County mode: spirituality in the form of palatable, sugarcoated smarm. Christine Moore is a midlife cliché, attempting to hide her misery behind a sarcastic and world-weary facade.

For every woman whose heart has ever been broken, but who believes in her soul that real happiness can be found, God On A Harley has arrived.

At thirty-seven, Christine Moore had a world-class case of burnout: frustrating career, a few dead-end romances, and a less-than-perfect figure. Little did she know her life was about to change completely.... "Come out of the shadows, Christine. You've spent far too much time hiding in shadows." The man who spoke to her was gorgeous -- long sable hair, faded T-shirt, black motorcycle jacket -- all astride a 1340cc Harley-Davidson, mysteriously parked on a moonlit beach near her home. Christine was inexplicably drawn to this stranger -- who seemed to know everything about her -- and as a sweet serenity settled over her, she surrendered to his words: "We have a lot of work to do, but it won't feel like work. It will feel quite wonderful." So begins Christine's journey, a voyage of the spirit that frees her to appreciate each precious moment of life -- and reveals to her six wondrous precepts that lead to the deepest peace and fulfillment we can ever know. For every woman whose heart has ever been broken, but who believes in her soul that real happiness can be found, God On A Harley has arrived. Need a lift?

Life in a rut? Job pays OK but only do it for the money? Hate the squalid people you have to be nice to in your working life? Sounds like publishing? Well, in fact it's the slightly more exotic world of strip joints, but the message is universal, for anyone who wishes they could stop what they hate doing and work at something they love. The heroine of this inspirational book is very lucky. She has a mentor who is cute, cool, wise and has only her best interests at heart. After she meets him, astride his Harley Davidson, her life begins to change. He cuts through the tough exterior she has learnt to project to the world and encourages her to like herself, believe in her potential and eventually to quit stripping for her real love, singing. Call him 'God', 'Higher Power', 'The Universal Life Force', whatever you will, Joan Brady shows us how to tap into our spiritual side and change our lives for the better.

"Cautious, conservative Molly Driscoll still works at the same Jersey shore hospital in which she completed her nurses training more than a decade ago. When her now-ex-husband, Jason, is diagnosed with terminal cancer, Molly tries to convince him to undergo a recommended course of chemotherapy. In spite of their past difficulties, Molly volunteers to take on something that is equally daunting in exchange for her ex-husband's agreement to give chemotherapy a try. She quits her old familiar job, becomes a Travel Nurse, and trades in her nice, safe Honda Civic for a Harley Davidson motorcycle. Her assignments take her into the blizzards and biker-bars of New England, the genteel beauty and smoky pool-halls of South Carolina, and the carnival atmosphere of a busy walk-in clinic in Key West as well as to some very surprising and unexplored regions of her own heart. Along the way, Molly experiences a terrifying ordeal with a stranger, tender moments with patients who leave lasting impressions on her, the possibility of a would-be-stalker, and a fellow Travel Nurse who claims to be an angel. In spite of all her old self-doubts, Molly grows in confidence, proving that though she may not be very good at driving a motorcycle, she is quite good at surviving and maybe even resilient enough to love again."

In her wonderful, whimsical novel *God on a Harley*, Joan Brady displayed an innate talent for going straight to the heart of the way women feel. Now she takes us a giant step further, sharing her own deeply personal and ultimately jubilant voyage. This is her message of love, hope, and renewal for every woman who, for whatever reason, has never had a child. "I am about to take you on a journey. We set sail from the painful, frightened years and emerge into the calm beauty of awakening. Finally, we will cruise gracefully into a celebration of all the female joy that has been kept secret for so long." One day, after she had turned forty, Joan Brady realized she was on her own. No husband. No kids. She felt like someone had lobbed a hand grenade into her heart. At other people's baby showers, she thought she'd

## Acces PDF God On A Harley Joan Brady

explode. The end of her childbearing years loomed like a tidal wave on the horizon, reminding her that she was not now, and never would be, a mother. She could sink, or she could swim. In characteristic style, Joan let herself hit bottom -- only to emerge incredibly joyous, bountiful, and awed by a sense of peace she could never have predicted. "Women who never actually give birth are all mothers, in some sense, to every child we encounter. We give birth to beauty, love, patience, creativity. We are the role models who support and believe in children's dreams because we support and believe in our own." Like having a long conversation with a very good friend, this is a letter of rapture and affirmation for all women who have not traveled the path to the delivery room, but have instead discovered a magical route of their own. A rare and wonderful gift that rejoices in being whole, female, and happy, this is Joan Brady's statement of celebration.

If you've ever wondered what happened to Christine Moore from "God on a Harley," you won't want to miss this touching new sequel! In "Joyride," Christine has done some serious spiritual backsliding over the last ten years. Marriage and motherhood have changed her identity and challenged her previous beliefs about love and romance. The demands of family and career have buried the truths she once knew beneath a mountain of resentment, dirty laundry, and endless bas of groceries. Then, on one of her late-night excursions to the supermarket, Christine runs into Joe again... and everything changes.

She's a cold fish desperate to break a curse. He's a college student without direction. Lady Hel, the goddess of death, has given up on love and has no use for it. After all, she's the ruler of Helheim, the realm of the undead! She doesn't need anyone...until she crosses Odin, the All-Father of the Norse gods. For her betrayal, she's exiled, cursed to look for her reincarnated one, true love, who died long ago. Now, stripped of her throne and most of her powers, will Lady Hel find love to remove the curse, or will she forever powerlessly suffer in turmoil, agony, and anguish? Harley Andersen is a seven-year college senior with no idea what to do with his life. So far, all he's come up with is killing time. When his best friend dares him to hop the gate of what's supposed to be a haunted house, he encounters a woman who steals a lot more than his breath. What she's offering Harley could give him the future he's missing. It'll just require a trip to the past. Hellish is a standalone book in the HELL CHRONICLES. Readers will recognize characters from the DRAGON SERIES, but you don't need to read them first to enjoy this new adult fantasy that turns the Beauty and Beast tale on its head. “What to read after A Court of Thorns and Roses! Full of twists you’ll never see coming!” -UppercaseYA  
I’ve never been a stranger to the darkness. But when darkness comes knocking and looks that good, who wouldn’t invite him in? Draven is mysterious, evasive, and hot as sin. The only thing more infuriating than his silence is how obnoxious he is every time he does open his mouth. But when a group of strangers attacks me and he fights back—causing them to vanish into a cloud of black dust—I know Draven is more than he seems. Now I know the truth. There’s a veil separating the world I know from a world of demons living all around us. Turns out, good and evil are just words. Some of the demons don’t fall into either category. And I’m realizing just how easily I fit in among the ancient warlocks, the divine soldiers, and the twisted supernaturals... There’s so much more to me and my past that I don’t know—let alone what I am truly capable of. So when all signs point to me having the ability to unleash Hell on earth? I’ll have to decide if I want to do the world a solid and save it...or give it one hell of a makeover. The Ember of Night series is best enjoyed in order. Reading Order: Book #1 Ember of Night Book #2 Shadow of Light Book #3 Spark of Ash

NEW YORK TIMES bestselling author Jane Porter takes readers to the charming town of Marietta, Montana, in this feel-good holiday romance. She’s determined to make Christmas perfect... After a set-back, Harley Diekerhoff led a quiet life and kept to herself. Taking the temporary job at the Copper Mountain Ranch as widower Brock Sheenan’s housekeeper seemed perfect for her. But her calm cocoon is invaded with the arrival of Brock’s pre-teen twins, Mack and Molly, who’ve never experienced a proper Christmas. Annoyed at first by Harley’s interference, Brock is secretly pleased she’s changed his twins’ world. It doesn’t hurt that he finds Harley incredibly attractive, fierce, smart and passionate. It’s also an added bonus that she’s not afraid to challenge him and get his blood heated! But when sparks fly and the attractions sizzles between them, Harley’s not so sure she can handle something permanent with this dark, taciturn cowboy who doesn’t know how to let her in. Can Brock hold on to her and pray for a Christmas miracle..
