ADCES Art & Science Reference 5th Edition

The controversy with regard to the nature of management, as to whether it is an art or a science, is very old. This controversy, however, is not very much in the air now though the controversy is yet to be settled. It is to be noted that the learning process in art differs from that of science. Learning of art involves its continuous practice while learning of science basically involves the assimilation of principles.

Is Management an Art or Science - Discussion

Management is both science as well as art. Like science it has systematic and well- organised body of knowledge and like art it requires personal skill, creativity and practice to apply such knowledge in the best possible way. Science and art are not in contrast to each other; both exist together in every function of management. Management as a Profession:

Management: Management as a Science, Arts and Profession

Management is both an art and a science. The above mentioned points clearly reveals that management combines features of both science as well as art. It is considered as a science because it has an organized body of knowledge which contains certain universal truth.
