In a world blasted and barren, the last bastion of civilization is a fortress-city called Central. Kaine, the city's benevolent arbiter, rules over the people in exchange for his gift to them: Re:memory--a public archive containing humanity's memories of the world before it was destroyed. Rezin doesn't know who he is or why he's in Central, but he does know this: he is a Reaper. When Rezin meets Elara, an intrepid adventurer with a troubled past, and Vray and Bastian, mysterious twins possessing incredible powers, they embark on a journey through space and time in search of the answers Rezin seeks.

This book offers guitarists a graded selection of 71 carols for the holiday season. Most of the arrangements are graded variations in that each tune starts with an easy reading beginner arrangement (excellent for students and the last minute reading gig) and ends with intermediate settings using techniques such as tremolo, jazz voicings, and three voice counterpoint. All of the music in this book is typeset in landscape format so that no page turns are required, and printed in standard notation only with suggested left-hand fingering. the book fits beautifully on any folding music stand and (because of the low landscape format) leaves plenty of room for any standard clip-on light. the Holiday Gig Book is an excellent source of holiday tunes for the working guitarist.

Nineteenth Century Collections Online: European Literature, 1790-1840: The Corvey Collection includes the full-text of more than 9,500 English, French and German titles. The collection is sourced from the remarkable library of Victor Amadeus, whose Castle Corvey collection was one of the most spectacular discoveries of the late 1970s. The Corvey Collection comprises one of the most important collections of Romantic era writing in existence anywhere -- including fiction, short prose, dramatic works, poetry, and more -- with a focus on especially difficult-to-find works by lesser-known, historically neglected writers. The Corvey library was built during the last half of the 19th century by Victor and his wife Elise, both bibliophiles with varied interests. The collection thus contains everything from novels and short stories to belles lettres and more populist works, and includes many exceedingly rare works not available in any other collection from the period. These invaluable, sometimes previously unknown works are of particular interest to scholars and researchers. European Literature, 1790-1840: The Corvey Collection includes: \* Novels and Gothic Novels \* Short Stories \* Belles-Lettres \* Short Prose Forms \* Dramatic Works \* Poetry \* Anthologies \* And more Selected with the guidance of an international team of expert advisors, these primary sources are invaluable for a wide range of academic disciplines and areas of study, providing never before possible research opportunities for one of the most studied historical periods.
