Read Free Strategic Management Concepts Rothaermel Frank

current, real-world examples. This approach not only offers students a learning experience that uniquely combines rigor and relevance, but it also prepares them for the types of challenges they will face as managers in the globalized and turbulent business environment of the 21st century. Examples profile the products and services of companies that students are familiar with such as Facebook, Google, Starbucks, Apple and Uber. In its characteristic single, strong voice, Strategic Management provides students with the foundation they need to understand how companies gain and sustain competitive advantage, as well as how to become managers capable of making well-reasoned strategic decisions. OneBook...OneVoice...OneVision

Revised edition of the work, Strategic management: concepts.

"Strategic Management brings conceptual frameworks to life via examples that cover products and services from companies with which students are familiar, such as Facebook, Google, Tesla, Starbucks, Apple, McDonald's, Disney, Airbnb, and Uber. Liberal use of such examples aids in making strategy relevant to students' lives and helps them internalize strategy concepts and frameworks"--

Combining quality and user-friendliness with rigor and relevance, Frank T. Rothaermel synthesizes theory, empirical research, and practical applications in a breakthrough new text designed to prepare students for the types of challenges they will face as managers in the globalized and turbulent business environment of the 21st century. This new textbook, written with a single, strong voice, weaves together classic and cutting-edge theory with in-chapter cases and strategy highlights, to teach students how companies gain and sustain competitive advantage. What I Didn't Learn in Business School is a compelling read---whether you're a recent business school grad struggling to apply your new knowledge or an experienced leader who already knows that no strategy is created in a vacuum. --Book Jacket.

Thorough yet concise, ESSENTIALS OF STRATEGIC MANAGEMENT, Third Edition, is a brief version of the authors' market-leading text STRATEGIC MANAGEMENT: AN INTEGRATED APPROACH. Following the same framework as the larger book, ESSENTIALS helps students identify and focus on core concepts in the field in a more succinct, streamlined format. Based on real-world practices and current thinking, the text's presentation of strategic management features an increased emphasis on the business model concept as a way of framing the issues of competitive advantage. Cutting-edge research, new strategic management theory, and a hands-on approach allow students to explore major topics in management, including corporate performance, governance, strategic leadership, technology, and business ethics. In addition, a high-quality case program examines small, medium, and large companies--both domestic and international--so that students gain experience putting chapter concepts into real-world practice in a variety of scenarios. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Aiming to bridge the gap between theory and application, this work focuses on strategic management.
