A pullout height chart ends the book--a great way for children to remember how a sunflower grows, and to measure how fast your child grows, too! Through illustrations, photography, and flaps, sixteen delightful board book pages reveal the wonder of how plants grow as you follow the story of a mystery seed. How was it planted? What does it need? What will it become? As days go by, it's hard to imagine the tiny shoot will ever grow into a big, strong plant. Could it magically become the tallest of all the garden flowers? Flaps unfold to show
