How different might our maps look today were it not for the gun? Would there be a Texas were it not for improvements in firearm technology? Texas Independence was won by the gun...and kept by the gun. Firearms put food on the table and kept marauding Indians out of frontier dooryards. In this book, Carroll Holloway introduces us to the men who made the guns that shaped Texas. He walks us through firearm technology throughout our Lone Star history, from Spanish & Mexican rule, through the weapons of the Texas Revolution and the Republic. This non-technical treatise demonstrates clearly the role of the gun in 19th century westward expansion and Texas history.

When Duff MacCallister and his partner, Elmer, agree to rescue the Texas governor's daughter from a gang of fence cutters called the Blue Devils, they must team up with three outlaws that they don't completely trust.

From their founding in the 1820s up to the modern age, the Texas Rangers have shown the ability to adapt and survive. Part of that survival depended on their use of firearms. The evolving technology of these weapons often determined the effectiveness of these early day Rangers. John Coffee "Jack" Hays and Samuel Walker would leave their mark on the Rangers by incorporating new technology which allowed them to alter tactics when confronting their adversaries. The Frontier Battalion was created at about the same time as the Colt Peacemaker and the Winchester 73—these were the guns that "won the West." Firearms of the Texas Rangers, with more than 180 photographs, tells the history of the Texas Rangers primarily through the use of their firearms. Author Doug Dukes narrates famous episodes in Ranger history, including Jack Hays and the Paterson, the Walker Colt, the McCulloch Colt Revolver (smuggled through the Union blockade during the Civil War), and the Frontier Battalion and their use of the Colt Peacemaker and Winchester and Sharps carbines. Readers will delight in learning of Frank Hamer's marksmanship with his Colt Single Action Army and his Remington, along with Captain J.W. McCormick and his two .45 Colt pistols, complete with photos. Whether it was a Ranger in 1844 with his Paterson on patrol for Indians north of San Antonio, or a Ranger in 2016 with his LaRue 7.62 rifle working the Rio Grande looking for smugglers and terrorists, the technology may have changed, but the gritty job of the Rangers has not.

This new book from Mowbray Publishers is the result of the author's almost 20 years of research. It attempts to shed light on the extent of the gun trade in Texas during its early times. Though the military connection is touched upon in this book, the civilian gun trade is the main objective. Many of the old established gun dealers in Texas became quite successful, while others came and went. Each major city seemed to have one gun dealer that stood above all others. Included in this extensive directory of over 1,200 dealers and makers are the Dance Brothers of Anderson, the Erichson family of Houston, E.A. Worden of Dallas, Charles Hummel of San Antonio, J.C. Petmecky of Austin, A.J. Anderson of Forth Worth and countless other dealers and tradesmen, many of whom could have books dedicated to them alone. More than 1,200 listings and over 700 black & white photographs. 8.5"x11" and printed on heavy, coated paper.

The new Confederacy, facing into the Union cannon, had too much on its hands to send troops to the Texas frontier to hold back the Indians. Instead, it authorized the State of Texas to raise its own troops. Many kinds of men drifted into the Texas Mounted Rifles. Some thought it might be safer than fighting in far off Virginia. Many were merely young men a-thirst for adventure. Some were settlers who saw this as the best way to protect their families and homes against the murderous thrusts of the Comanche. And some were men who still loved the Union, who had lived too long under that gallant flag to turn their guns against it now. Such a man was Scout Sam Houston Cloud...

The early Texans were a breed unto themselves--their like may never be seen on this continent. They made the most of a booming land of freedom and opportunity.

One part Columbine, one part God Save Texas, Joe Holley's riveting, compassionate book examines the 2017 mass shooting at a church in a small Texas town, revealing the struggles and triumphs of these fellow Texans long after the satellite news trucks have gone. Sutherland Springs was the last place anyone would have expected to be victimized by our modern-day scourge of mass shootings. Founded in the 1850s along historic Cibolo Creek, the tiny community, named for the designated physician during the siege of the Alamo, was once a vibrant destination for wealthy tourists looking to soak up the "cures" of its namesake mineral springs. By November 5, 2017, however, the day a former Air Force enlistee opened fire in the town's First Baptist Church, Sutherland Springs was a shadow of its former self. Twenty-six people died that Sunday morning, in the worst mass shooting in a place of worship in

American history. Holley, who roams the Lone Star State as the "Native Texan" columnist for the Houston Chronicle and earned a Pulitzer-Prize nomination for his editorials about guns, spent more than a year embedded in the community. Long after most journalists had left, he stayed with his fellow Texans, getting to know a close-knit group of people - victims, heroes, and survivors. Holley shows how they work to come to terms with their loss and to rebuild shattered lives, marked by their deep faith in God and in guns. He also uses Sutherland Springs' unique history and its decades-long decline as a prism for understanding how an act of unspeakable violence reflects the complicated realities of Texas and America in the twenty-first century.

A rich rancher is terrorizing Laramie County—but one man is about to fight back—in this thrilling tale of the Old West by the national bestselling authors... Descended from Scottish Highlanders and blood kin to Falcon and Jamie Ian, Duff MacCallister forged a bold new life on the American frontier. But he will always stay true to his clan's fighting spirit—when it comes to justice . . . **THE STALKING DEATH** There's something rotten in Wyoming, and it's not just the smell of cow pies—the first whiff is coming off the Laramie County Cattlemen. Right off the bat, Duff notices something odd: no small-time ranchers allowed. It's big-leaguers only. And none are bigger than Brad Houser, owner of the sprawling Twin Peaks ranch. He's up in arms over the small-timers claiming the unbranded mavericks who escape their herds. Which is perfectly legal. No brand, free cow. Houser has a plan to stop these former cowboys from taking their runaways. For \$1000, Houser will make the small ranchers go away—six feet under. That makes Duff MacCallister madder than a wet hen . . . and his guns will do the screaming.

The first thing of interest Cray Dawson saw upon riding into Crabtown, Montana, on his way to stake his claim in Black's Cut, was a sign outside the barber shop, with a long line of miners, townsfolk, business people and saddle tramps strung along the boardwalk waiting their turn to view Lawrence Shaw in his coffin. **FAST LARRY SHAWL DEAD IN HIS COFFIN, 50 CENTS While He Lasts...** (below it in pencil) \*Preview of Ralph Cotton's Hangman's Choice and Killing Texas Bob at the back of this book.
