Brian Kemp won the 2018 Republican primary for Georgia governor propelled by grassroots conservatives and a late endorsement from then-President Donald Trump. Kemp went on to defeat Democrat Stacey ...

Lies are the chains that keep you weighed down at rock bottom. Perspectives, Book 1 Officer Noel Carlson isn't out to anyone in small-town Stratton, Pennsylvania, only to distant friends and family, so a relationship is out of the question. That doesn't stop him from wanting one, though. When a night-shift call brings him face to thonged butt with a hired stripper whose girl-party gig went terribly wrong, Noel takes pity on the guy and lets him go. But he can't get the encounter out of his mind. Shane has big-time debts to repay, especially to the brother who sacrificed nearly everything for him. His two jobs, in a deli and as a stripper, leave him no time for a social life. But a non-date of hot sex and takeout food with Noel? He can squeeze that in. The bond they form is stronger than either expected or wanted. Especially since the step Shane's about to take to put his brother-and his soul-back in the black isn't quite legal. And he never calculated just how much his determination to make things right will cost him in the end. Warning: Following on from the Cost of Repairs series, this book contains a closeted cop who's looking for love, an indebted stripper who doesn't believe he's worthy, and a tasteful abundance of dirty guy sex. Also contains references to past physical abuse some readers may find disturbing.

Jesus Christ lives, he's present and future, not just a good read of the past. While no book nor person can fully explain the depth of God's omnipotence and love for mankind, hopefully this book will stir a deep hunger in Christians everywhere to grow to know of that omnipotence and love. The goal of this book is to entice Christians everywhere to desire to know God intimately. For there is a difference in knowing him and knowing of him. God's sovereign, totally in control of everything above and under the sun. In him is true wealth. Forever he lives.

Malcolm Gladwell, host of the podcast Revisionist History and author of the #1 New York Times bestseller Outliers, offers a powerful examination of our interactions with strangers and why they often go wrong—now with a new afterword by the author. A Best Book of the Year: The Financial Times, Bloomberg, Chicago Tribune, and Detroit Free Press How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true? Talking to Strangers is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller David and Goliath, Malcolm Gladwell has written a gripping guidebook for troubled times.

From National Book Award Finalist Joshua Ferris comes a "murderously funny" novel about a modern American family and one man's attempt to come to understand the many lives of his father. (Janet Maslin, New York Times) Someone is telling the story of the life of Charlie Barnes, and it doesn't appear to be going well. Too often divorced, discontent with life's

compromises and in a house he hates, this lifelong schemer and eternal romantic would like out of his present circumstances and into the American dream. But when the twin calamities of the Great Recession and a cancer scare come along to compound his troubles, his dreams dwindle further, and an infinite past full of forking paths quickly tapers to a black dot. Then, against all odds, something goes right for a change: Charlie is granted a second act. With help from his storyteller son, he surveys the facts of his life and finds his true calling where he least expects it—in a sacrifice that redounds with selflessness and love—at last becoming the man his son always knew he could be. *A Calling for Charlie Barnes* is a profound and tender portrait of a man whose desperate need to be loved is his downfall, and a brutally funny account of how that love is ultimately earned.

We often believe things about ourselves that do not line up with God's truth. We think our worth is based on performance or possessions, that we have to be perfect to be loved, or that we're too ordinary to be used by God. *Deeper* tears down these lies and teaches women to replace them with four truths from Psalm 139--God knows me, he protects me, he made me, he values me. Using compelling narrative and Scripture, *Deeper* helps women transform their lives by trusting in the reality of God's love. Instead of striving for perfection and worth, readers can rest in the truth that they are his.

"The *Summa Theologica* is the best-known work of Italian philosopher, scholar, and Dominican friar SAINT THOMAS AQUINAS (1225-1274), widely considered the Catholic Church's greatest theologian. Famously consulted (immediately after the Bible) on religious questions at the Council of Trent, Aquinas's masterpiece has been considered a summary of official Church philosophy ever since. Aquinas considers approximately 10,000 questions on Church doctrine covering the roles and nature of God, man, and Jesus, then lays out objections to Church teachings and systematically confronts each, using Biblical verses, theologians, and philosophers to bolster his arguments. In Volume III, Aquinas addresses: faith and heresy, charity, peace and war, mercy, anger, and justice, prayer, truth, and much more. This massive work of scholarship, spanning five volumes, addresses just about every possible query or argument that any believer or atheist could have, and remains essential, more than seven hundred years after it was written, for clergy, religious historians, and serious students of Catholic thought."

Boston Bay Vikings: hot enough to melt the ice. Camden I grew up with only one dream—to become a professional hockey player. My dream came true and now I was a winger for the Boston Bay Vikings. I never gave much thought to having that 'special' someone in my life until I saw the young woman who hunkered down like a scared rabbit in the team's shower room. I went from a carefree bachelor to a fierce protector. Molly Exhausted and scared, I fell asleep in an empty room and came awake to find the gaze of three naked men on me. It turned out I'd found my way into the shower room of the Boston Bay Vikings—I'd never heard of them. However, it was the fourth man to appear who gave me hope. He spoke with confidence and made me feel safe. I didn't want to leave his side, but I'd learned the hard way that anything good never lasted. Meet Camden Edwards and Molly Lewis in the first book of a new series by NYT and USA Today bestselling author, Lexi Buchanan.
