Triumph Motorcycle Parts. Since 1990 Triumph has strived to preserve the heritage of the brand, while bringing their products and manufacturing standards up-to-date to meet the demands of the modern world. At Sprint Manufacturing, we are committed to the production and supply of motorcycle parts for Triumph models from the last three decades.

Take an authoritative, thorough, and heavily illustrated look at Triumph motorcycles, from beloved classics to popular new models! What do Marlon Brando, James Dean, Steve McQueen, Bob Dylan, and Arthur Fonzerelli all have in common? All of these men define the very essence of cool, and all have owned Triumph motorcycles. Originally formed as a bicycle company in 1885, in 1902 Triumph produced its first motorcycle, which was simply a bicycle fitted with a Belgian Minerva engine. From there, the company, in various iterations, went on to build some of the most iconic motorcycles of all time. For the first time ever, The Complete Book of Classic and Modern Triumph Motorcycles 1937-Today collects all of the motorcycles from this iconic brand in a single volume. Written by respected Triumph expert Ian Falloon, all of the major and minor models are covered, with an emphasis on the most exemplary, era-defining motorcycles such as the Thunderbird, Tiger, Trophy, Bonneville, and new machines such as the Speed Triple, Thruxton, and Daytona 675. The Complete Book of Classic and Modern Triumph Motorcycles 1937-Today will also feature important non-production models and non-factory racing and speed-record-setting motorcycles that have become integral parts of Triumph's stellar reputation. This is a book no Triumph fan will want to be without!

The ultimate reference for Triumph lovers and fans of British motorcycles, The Complete Book of Classic and Modern Triumph Motorcycles 1937-Today collects all of the motorcycles from this iconic brand in a single illustrated volume. In this revised and updated edition, you'll find the all-new Bonneville lineup introduced for the 2016 model year as well as other Triumphs through 2019. Originally formed as a bicycle company in 1885, Triumph produced its first motorcycle in 1902, which was simply a bicycle fitted with a Belgian Minerva engine. From there, the company, in various iterations, went on to build some of the most iconic motorcycles of all time. Written by respected Triumph expert Ian Falloon, this luxurious reference covers all of the major and minor models, with an emphasis on the most exemplary, era-defining motorcycles such as the Thunderbird, Tiger, Trophy, Bonneville, and new machines such as the Speed Triple, Thruxton, and Daytona 675. Detailed technical specifications are offered alongside compelling photography, much of it sourced from Triumph's archives. The Complete Book of Classic and Modern Triumph Motorcycles 1937-Today also features important non-production models and factory racing and speed-record-setting motorcycles that have become integral parts of Triumph's stellar reputation. This is a book no Triumph fan should be without!

Point by point, it takes the reader through everything that needs looking at when buying a Hinckley Triumph in a straightforward guide, plus spares prices, which is the best model for you, restorations and paperwork.
